There are numerous textbooks with over 500,000+ books that are currently inaccessible. Some specific examples include McGraw Hill's Glencoe Algebra and Geometry series, as well as other titles from various publishers such as Prentice Hall, Pearson, and Cengage Learning. The user is requesting that the publishers restore access to these texts. Many books have been published by various companies, with unique ISBN numbers assigned to each one. These publishers include prominent educational publishing houses such as Cengage Learning, Prentice Hall, McGraw-Hill Education, W.W. Norton & Company, Pearson, and Brooks Cole. The list includes multiple publishers for some of the books, indicating that they have been published by different companies at various times. The ISBN numbers are unique to each publisher and book title. Please note that without more context or information about the specific text, it is difficult to provide a more detailed paraphrased version. The following books have been published by various publishers with different ISBN numbers: * Pearson Education has published multiple titles with ISBNs including 978-9-33255-044-5, 978-0-13411-421-7, and others. * Cambridge University Press has also published a title with an ISBN of 978-1-10717-986-8. * Wiley has published numerous titles with various ISBNs, including 978-1-11905-571-6. * Cengage Learning has published multiple titles with ISBNs such as 978-1-33756-191-4 and others. * Other publishers listed include McGraw-Hill Education, W.H.
