Although chairman can refer to a person of either sex, chairperson or chair is often preferred to avoid giving the idea the person is necessarily male. Terms for the office and its holder include chair, chairman, chairwoman, chairperson, convenor, facilitator, moderator, president, and presiding officer.[5][6][7][8][9] The chair of a parliamentary chamber is sometimes called the speaker.[10][11] Chair has been used to refer to a seat or office of authority since the middle of the 17th century; its earliest citation in the Oxford English Dictionary dates to 1658-1659, four years after the first citation for chairman.[12][13][14] Feminist critiques have analysed Chairman as a possible example of sexist language, associating the male gender with the exercise of authority, this has led to some use of the generic "Chairperson".[15] In World Schools Style debating, as of 2009, chair or chairman refers to the person who contrls the debate; it recommends using Madame Chair or Mr. Chairman to address the chair.[16] The FranklinCovey Style Guide for Business and Technical Communication and the American Psychological Association style guide advocate using chair or chairperson.[17][18] The Oxford Dictionary of American Usage and Style (2000) suggested that the gender-neutral forms were gaining ground; it advocated chair for both men and women.[19] The Daily Telegraph's style guide bans the use of chair and chairperson; the newspaper's position, as of 2018, is that "chairman is correct English".[20] The National Association of Parliamentarians adopted a resolution in 1975 discouraging the use of chairperson and rescinded it in 2017.[21][22] Ambassador Leena Al-Hadid of Jordan chairs a meeting of the International Atomic Energy Agency, 2018.[23] The word chair can refer to the place from which the holder of the office presides, whether on a chair, at a lectern, or elsewhere.[1] During meetings, the person presiding is said to be "in the chair" and is also referred to as "the chair".[1] Parliamentary procedure requires that members address the "chair" as "Mr. (or Madam) Chairman (or Chair or Chairperson)" rather than using a name – one of many customs intended to maintain the presiding officer's impartiality and to ensure an objective and impersonal approach.[7][24] In the British music hall tradition, the chairman was the master of ceremonies who announced the performances and was responsible for controlling any rowdy elements in the audience. ^ Kefgen, Keith (2004-05-11). ^ Gurung, Regan A. Expert opinion is rather evenly divided over which is the preferable model,[38] There is a growing push by public market investors for companies with an executive chair to have a lead independent director to provide some element of an independent perspective.[39][40] The role of the chair in a private equity-backed board differs from the role in non-profit or publicly listed organizations in several ways, including the pay, role and what makes an effective private-equity chair.[41] Companies with both an executive chair and a CEO include Ford,[42] HSBC,[43] Alphabet Inc..[44] and HP.[45] A vice- or deputy chair, subordinate to the chair, is sometimes chosen to assist and to serve as chairman in the latter's absence, or when a motion involving the chair is being discussed.[46] In the absence of the chair and vice-chair, groups sometimes elect a chair pro tempore to fill the role for a single meeting.[47] In some organizations that have both titles, deputy chair ranks higher than vice-chair, as there are often multiple vice-chairs but only a single deputy chair.[48] This type of deputy chair title on its own usually has only an advisory role and not an operational one (such as Ted Turner at Time Warner).[49] An unrelated definition of vice- and deputy chairs describes an executive who is higher ranking or has more seniority than an executive vice-president (EVP). The person holding the office, who is typically elected or appointed by members of the group or organisation, presides over meetings of the group, and is required to conduct the group's business in an orderly fashion.[1] In some organizations, the chair is also known as president (or other title).[2][3] In others, where a board appoints a president (or other title), the two terms are used for distinct positions. ^ See also the American Heritage Dictionary, the Oxford English Dictionary, the online edition of the current Merriam-Webster Dictionary, Word Origins by Anatoly Liberman (page 88), Merriam-Webster's Dictionary of English Usage (page 235) ^ *Margrit Eichler (28 October 2013). ^ HSBC chief Michael Geoghegan 'to quit' after failing to get top job Archived 2013-12-04 at the Wayback Machine.
