This Student Book will spark students' curiosity in science, whilst gradually building the maths, literacy and working scientifically skills vital for success in the new GCSEs. Activate 1 is split into distinct Biology, Chemistry and Physics units with working scientifically integrated throughout. Use Activate 1 and 2 to cover the Programme of Study in two years. 2. Four revision mats for the the whole Activate 1 Biology chapters. Do you have links to the PP please?Empty reply does not make any sense for the end userA fantastic resource for the AQA Big Ideas scheme. Print pages 1 and 4 for students to complete on A4. It includes key terms, e...AI-enhanced title and descriptionDownload as pdf or txt It comes complete with 65 fully differentiated and resourced lessons from each Biology, Chemistry and Physics chapter. Can you direct me to the links you refer to.Empty reply does not make any sense for the end userThanks a lot for sharing this, they look amazing. Each topic contains: Booklet Fully resourced PPTs and practicals (where applicable) Tech notes and teacher notes (to help with delivery) Cover suggestions/Oak Academy links for easy cover setting. I am able to download the booklet as a power point but I can't see the lesson power points you have mentioned in the description, can you help me in finding them, apologies if I am missing anything obvious. Created for the Oxford KS3 Science Activate 1 specification and updated using the new AQA Approved Activate Science course. Thank you. Written in a powerpoint format with answers included on subsequent slides for each page. It includes key terms, e...AI-enhanced title and descriptionDownload as pdf or txtSaveSave Activate 1 Chemistry Chapter1 Answers (1) For Later100%100% found this document useful, undefined100%(1)100% found this document useful (1 vote)1K views5 pagesThe document provides information on chemistry topics including the particle model, states of matter, melting and freezing, boiling, changes of state, and diffusion. This bundle comes complete with engaging and detailed PowerPoint Presentations, differentiated activities, worksheets, quizzes and class practical/demo activities for students to complete. Thank youEmpty reply does not make any sense for the end userReport this resourceeto let us know if it violates our terms and conditions. It's all free, unless you want to donate to Buy me a coffee of course! I hope this saves some personal time for you, gives you a basis to move forward with your own prep or helps you to discover the wonderfulness of booklets!! Enjoy the resource and feel free to leave a review. There is a A4 page each for reproduction in humans and one for reproduction in flowering plants Four revision mats for all the Activate 1 Chemistry chapters. ThanksEmpty reply does not make any sense for the end userFabulous resource thank youEmpty reply does not make any sense for the end userVery generous to share these great resources for free. Full list of Activate 1 chapters and lessons: BIOLOGY Chapter 1: Cells 1.1 Observing cells 1.2 Plant and animal cells 1.3 Specialised cells 1.4 Movement of substances 1.5 Unicellular organisms Chapter 2: Structure and function of body systems 2.1 Levels of organisation 2.2 Gas exchange 2.3 Breathing 2.4 Skeleton 2.5 Movement: Joints 2.6 Movement: Muscles Chapter 3: Reproduction 3.1 Adolescence 3.2 Reproductive systems 3.3 Fertilisation and implantation 3.4 Developpment of a fetus 3.5 The menstrual cycle 3.6 Flowers and pollination 3.7 Fertilisation and germination 3.8 Seed dispersal CHEMISTRY Chapter 1: Particles and their behaviour 1.1 The particle model 1.2 States of matter 1.3-1.5 Changes of state bundle 1.6 Diffusion 1.7 Gas pressure Chapter 2: Elements, atoms, and compounds 2.1-2.2 Elements and atoms bundle 2.3-2.4 Compounds and chemical formulae bundle Chapter 3: Reactions 3.1 Chemical reactions 3.2 Word equations 3.3 Burning fuels 3.4 Thermal decomposition 3.5 Conservation of mass 3.6 Exothermic and endothermic Chapter 4: Acids and alkalis 4.1 Acids and alkalis 4.2 Indicators and pH 4.3 Neutralisation 4.4 Making salts PHYSICS Chapter 1: Forces 1.1 Introduction to forces 1.2 Squashing and stretching 1.3 Drag forces and friction 1.4 Forces at a distance 1.5 Balanced and unbalanced Chapter 2: Sound 2.1 Waves 2.2 Sound and energy transfer 2.3 Loudness and pitch 2.4 Detecting sound 2.5 Echoes and ultrasound Chapter 3: Light 3.1 Light 3.2 Reflection 3.3 Refraction 3.4 The eye and the camera 3.5 Colour Chapter 4: Space 4.1 The night sky 4.2 The Solar System 4.3 The Earth 4.4 The Moon WORKING SCIENTIFICALLY AND SCIENTIFIC SKILLS: Back to School Science Laboratory safety and hazard symbols Lab equipment, scales and measuring The Bunsen burner Data - Recording, analysing and evaluating data. Tes paid licenceHow can I reuse this?Select overall rating(no rating)Your rating is required to reflect your happiness.Write a reviewUpdate existing reviewIt's good to leave some feedback.Something went wrong, please try again later.This resource hasn't been reviewed yetTo ensure quality for our reviews, only customers who have purchased this resource can review itReport this resourceeto let us know if it violates our terms and conditions. Also included is the working scientifically and scientific skills bundle. Activate is a new Key Stage 3 Science course for the 2014 curriculum, designed to support every student on their journey through Key Stage 3 to Key Stage 4 success. Each sheet is divided into sections to accompany the textbook and each side refers to a chapter or subsection of the chapter. Last updated25 May 2022A complete set of revision sheets for the Activate 1 course. One sheet is provided each for particles, elements, reactions and acids. B1: Cells B2: Structure and function of body systems B3: Reproduction B4: Health and lifestyle B5: Biological processes B6: Ecosystems and adaptation B7: Inheritance C1: Particles C2: Elements, atoms, and compounds C3: Chemical reactions C4: Acids and alkalis C5: The Periodic Table C6: Separation techniques C7: Metals and other materials C8: Earth P1: Forces P2: Sound P3: Light P4: Space P5: Electricity and magnetism P6: Energy P7: Motion and pressure Description: Activate Student Book 1 Chapter 1 Read the Text Version The complete KS3 Activate 1 bundle (Biology, Chemistry and Physics). It covers topics such as forces, Hooke's law, fri...Download as pdf or txt Here you'll find all the answers to the activities and exam-style practice questions featured in Oxford Revise: KS3 Science. Written to include a variety of recall and application type questions. I have collated everything here - access to the full drives is at the top of each KS3 page. Based on Kerboodle Activate books, and with lots of resources taken from many kind and generous people of Twitter. 100%(2)100% found this document useful (2 votes)2K views5 pages1. One sheet is provided for forces, sound, light and space. Perfect if you're teaching the complete Activate 1 specification. One sheet is provided for Cells and Body systems. Add Activate 3 for a contextual consolidation and extension of content. This new area of the curriculum also has its own introductory chapter and activities, so you can be sure students receive maximum support. 100%(1)100% found this document useful (1 vote)1K views5 pagesThe document provides information on chemistry topics including the particle model, states of matter, melting and freezing, boiling, changes of state, and diffusion. Our customer service team will review your report and will be in touch. The document provides information from a student book on physics, including chapter summaries, key terms, questions, and activities. Four revision mats for the whole Activate 1 Physics chapters.
