

I'm not a robot

the ideas that somebody wishes to communicate to you by what they say or do is essential to make your meaning clear.I don't quite get your point (= understand what you mean to convey).What's the significance of this? I explicitly told you not to leave the room.Extra ExamplesI think you misunderstood my intention.I'm sure there's no hidden implication in what he says.She attributes a meaning to his words they just didn't have.Oxford Collocations Dictionaryadjectiveverb + meaningprepositionin a/the meaningwith a/the meaningmeaning behindphrasesa nuance of meaningSee full entry [uncountable] the real importance of a feeling or an experienceWith Anna he learned the essence of love.The story explores the true essence of freedom.It is difficult to grasp the essence of these events.Extra ExamplesFor her, the research trip had a different significance: she was going home.I am finally learning the real significance of moderation.Oxford Collocations Dictionaryadjectiveverb + meaningprepositionSee full entry [uncountable, countable] the ideas that a writer, artist, etc. wishes to communicate through a book, painting, etc.several layers of meaningThere are, of course, deeper meanings in the poem.This chapter is important if the reader is to understand the full essence of this novel.Extra ExamplesThis is a disturbing tale that conveys significance on several levels.For him, art held little intrinsic value.The movie ends with scenes that are supposed to leave us pondering its significance.Oxford Collocations Dictionaryadjectiveverb + meaningprepositionin a/the meaningwith a/the meaningmeaning behindphrasesa nuance of meaninga shade of meaningSee full entry [uncountable] the quality or sense of purpose that makes you feel that your life is valuableHer life seemed to have lost all value.Having a child gave new significance to their lives.Extra ExamplesFalling in love gave significance to his life.He found spiritual value through religion.Her work no longer had any significance for her.She's searching for the deeper essence of life.Young people can feel that life is without purpose.Oxford Collocations Dictionaryadjectiveverb + meaningprepositionSee full entry Word Originlate Middle English: verbal noun from mean (verb).See meaning in the Oxford Advanced American DictionarySee meaning in the Oxford Learner's Dictionary of Academic English English Wikipedia has an article on:Wikipedia (UK) IPA(key): /mɪn/ (US) IPA(key): /mɪn/ Rhymes: -in From Middle English menȳng, menȳng, equivalent to mean + -ing. Cognate with Scots menȳng (intent, purpose, sense, meaning), West Frisian miening (opinion, mind), Dutch mening (view, opinion, judgement), German Meinung (opinion, view, mind, idea), Danish and Swedish mening (meaning, sense, sentence, opinion), Icelandic meining (meaning).The chart symbol > (greater than) is used to indicate that the left number is greater than the right number. It can be remembered using the "Alligator Method", where the open end of the symbol represents a hungry alligator's mouth that wants to eat the bigger number. For example, 8 > 5.On the other hand, the < (less than) symbol indicates that the left number is smaller than the right number. The letter L in "
