Chemistry olympiad past papers sinhala medium

View(s): Uvidu Praveen Sumanasekara of Badulla Central College, Badulla, Arulanantham Abhinanthan of Hindu College, Jaffna and R M S Ravindu Sanwara of Ananda College, Colombo won Bronze medals at the 52nd International Chemistry Olympiad (IChO) in July 2020. Fourth member of the Sri Lankan team Shakindi Vihanga of Sujatha Vidyalaya, Matara also won an honorable mention. This was indeed remarkable achievements from our team as Sri Lanka participated at this competition for the first time in history. Sri Lanka team was selected and trained by the Chemistry Olympiad Sri Lanka (COSL) committee of the Institute of Chemistry Ceylon (IChemC). The IChO is a competition organised for secondary school students of all levels from all over the globe with the objective of promoting their creativity and cognitive skills in solving Chemistry, the IChO helps to facilitate cordial relations between the youth of different nationalities and encourage networking. IChO is one out of the 12 International Science Olympiads held in the world. The rest represent other disciplines, such as Mathematics, Physics, Biology, etc. The IChO headquarters is based in Bratislava, Slovakia of the former Eastern Bloc. The IChO event began in 1968 with the participation from Czechoslovakia, Poland and Hungary. Subsequently, other countries joined the programme and currently, there are more than 80 participating countries including USA, UK, China, Russia, India, etc. In 2016, IChO steering committee officially accepted the Institute of Chemistry Ceylon (IChemC) as the official organiser to conduct the National Chemistry Olympiad competition in Sri Lanka. Since then IChemC is organising local Chemistry Olympiad annually and respectively in 2018 and 2019 and was illegible to participated as a team to take part in the competition in Turkey in 2020. Unfortunately, due the Covid 19 pandemic situation in the world competition was remotely held under a virtual platform. After screening and intense training, the steering committee of COSL selected four highly talented students to represent the Sri Lankan team. The IChemC recently organised a charm ceremony to award the medals and certificates received from the International Organisers. The event was held at the IChemC headquarters on February 18, 2021 and the Chief Guest was Prof Janitha Liyanage who is the current Vice Chairperson of the University Grants Commission. Dean of the college of Chemical Sciences Prof Sujatha Hewage has also participated. Due the pandemic situation number of participants was? restricted however the event was live streamed in Youtube. Prof Sagarika Ekanayaka who is the current President of the Institute welcomed the gathering and said she was very proud of the young prodigies who produced exceptional results as the first time participants of the IChO. Dr. Chinthaka Ratnaweera who is the Chairman of the COSL committee presented a brief introduction to Chemistry Olympiad competition and explained the team for the outstanding performance. She also thanked the IChemC for providing all the support for this program and committee members for voluntarily organising these events and training students. Medals and certificates were awarded by Prof Janitha Liyanage. After the presentation of awards each of the winners addressed the audience and all of them expressed their sincere gratitude to the mentors who trained them with immense dedication. Praveen, during his talk, invited youngsters to take part in future Chemistry Olympiads as they can develop their logical and critical thinking skills which will definitely mentioned that the Chemistry practical sessions have been a valuable experience for him. Ravidu said even though he felt there was a big gap between the A/L chemistry Clympiad syllabus due to the training he received and with the hard work he was able to make this achievement. Shakindi told she has realised the beauty of Chemistry after experiencing this chemistry Olympiad training workshops and got to know lot of new friends. Before the end of the event new Chemistry Olympiad website was launched by the IChemC past president Dr Poshitha Premarathne who has given a visionary leadership to establish the COSL. Dr Ireshika De Silva, Secretary of the committee delivered the vote of thanks to end this ceremony. Anyone who is interested to learn more about the programme can visit this new website through the url. Also, applications forms and deadlines for the future selection examinations will be updated in this website and students can obtain the Chemistry Olympiad past papers and educational resources through it. The 53rd International Chemistry Olympiad will be held in Japan during this year. The COSL committee is eagerly waiting to select a team and train them and expect even better performance from them to bring honour to our mother land. Dr Chinthaka Nadun Ratnaweera Chairman Chemistry Olympiad Sri Lanka nginx 4th_term_model_exam_paper-mcq_.pdfFile Size: 3017 kbFile Type: pdfDownload File 1st_term_model_exam_paper-2_.pdfFile Size: 3243 kbFile Type: pdfDownload File 1st_term_model_exam_paper-2_.pdfFile Size: 3243 kbFile Type: pdfDownload File 1st_term_model_exam_paper-2_.pdfFile Size: 3017 kbFile Type: pdfDownload File 1st_term_model_exam_paper-3_.pdfFile Size: 3017 kbFile Type: pdfDownload File Type: pdfDownloa exam paper(English) Click here to get Chemistry-Model exam paper-2014-Dr-Vajira Seneviratne -1-MCQ(sinhala) Click here to get Chemistry-Model exam paper-2014-Dr-Vajira Seneviratne -1-MCQ(sinhala) Click here to get Chemistry-Model exam paper-2014-Dr-Vajira Seneviratne -1-MCQ(sinhala) Click here to get Chemistry-Model exam paper-2014-Dr-Vajira Seneviratne -1-MCQ(sinhala) Click here to get Chemistry-Model exam paper-2014-Dr-Vajira Seneviratne -1-MCQ(sinhala) Click here to get Chemistry-Model exam paper-2014-Dr-Vajira Seneviratne -1-MCQ(sinhala) Click here to get Chemistry-Model exam paper-2014-Dr-Vajira Seneviratne -1-MCQ(sinhala) Click here to get Chemistry-Model exam paper-2014-Dr-Vajira Seneviratne -1-MCQ(sinhala) Click here to get Chemistry-Model exam paper-2014-Dr-Vajira Seneviratne -1-MCQ(sinhala) Click here to get Chemistry-Model exam paper-2014-Dr-Vajira Seneviratne -1-MCQ(sinhala) Click here to get Chemistry-Model exam paper-2014-Dr-Vajira Seneviratne -1-MCQ(sinhala) Click here to get Chemistry-Model exam paper-2014-Dr-Vajira Seneviratne -1-MCQ(sinhala) Click here to get Chemistry-Model exam paper-2014-Dr-Vajira Seneviratne -1-MCQ(sinhala) Click here to get Chemistry-Model exam paper-2014-Dr-Vajira Seneviratne -1-MCQ(sinhala) Click here to get Chemistry-Model exam paper-2014-Dr-Vajira Seneviratne -1-MCQ(sinhala) Click here to get Chemistry-Model exam paper-2014-Dr-Vajira Seneviratne -1-MCQ(sinhala) Click here to get Chemistry-Model exam paper-2014-Dr-Vajira Seneviratne -1-MCQ(sinhala) Click here to get Chemistry-Model exam paper-2014-Dr-Vajira Seneviratne -1-MCQ(sinhala) Click here to get Chemistry-Model exam paper-2014-Dr-Vajira Seneviratne -1-MCQ(sinhala) Click here to get Chemistry-Model exam paper-2014-Dr-Vajira Seneviratne -1-MCQ(sinhala) Click here to get Chemistry-Model exam paper-2014-Dr-Vajira Seneviratne -1-MCQ(sinhala) Click here to get Chemistry-Model exam paper-2014-Dr-Vajira Seneviratne -1-MCQ(sinhala) Click here to get Chemistry-Model exam paper-2014-Dr-Vajira Seneviratne -1-MCQ(sinhala) Cl Essay-(Tamil) Click here to get Chemistry Model Exam Paper(government)-2013-MCQ-(English) Click here to get Chemistry Model Exam Paper(government)-2013-MCQ-(Tamil) Click here to get Chemistry Mode Essay-(Tamil) Click here to get Chemistry Model Exam Paper(government)-2014-Answers-(Tamil) Click here to get Chemistry Model Exam Paper(government)-2015-MCQ-Structure-Essay-(Tamil) Click here to get Chemistry Model Exam Paper(government)-2014-MCQ-Structure-Essay-(Tamil) Click here to get Chemistry Model Exam Paper(government)-2015-MCQ-Structure-Essay-(Tamil) Click here to get Chemistry Model Exam Paper(government)-2015-MCQ-Structure-Essay-(Tamil) Click here to get Chemistry Model Exam Paper(government)-2016-MCQ-Structure-Essay-(Tamil) Click here to get Chemistry Model Exam Paper(government)-2016-MC Paper(government)-2015-MCQ-Structure-Essay-(English) Click here to get Chemistry Model Exam Paper(government)-2015-Answers-(English) Click here to get Royal College-Chemistry Exam-MCQ (Tamil) Global Square Institute of Physics Sri Lanka About: The Sri Lankan Junior Science Olympiad is organised by the Institute of Physics of Sri Lanka to promote science among school students and expose them to the skills of problem solving, reasoning, etc. The test also acts as a prelim exam for the International Junior Science Olympiad. Syllabus: The syllabus of the exam consists of physics, chemistry, biology and maths taught to the students in class 6-11 in Sri Lanka. The exam is available in English, Sinhala and Tamil. Marking Scheme: The paper consists of roughly 15 questions on Biology, 15 of Chemistry, 10 of Physics and 10 of Mathematics. However, note that these numbers can change slightly. Eligibility Criteria: The students should be less than 16 years of age as of 31st December of the applying year (31st December 2018 for the 2018 Olympiad). Level Of Exam: The questions are made so as to not be too straight-forward but still be interesting to the students and something that they can relate to. They are made to test the logical and problem solving skills of the students. Exam Dates: The date of exam is 7th April 2018 this year and the last date to apply is 29th March 2018. Sample Paper in Sinhala is available here Subject-wise extra papers for practice are available as Physics:- Biology:- Registration process: Pay the registration process: Pay the registration fees to the account and get the payment slip: Account - Sri Lankan Junior Science Olympiad, Bank - Bank of Ceylon, Branch - Torrington Square, Acc. No: 78341015 Log in on the Institute of Physics website and select Sri Lankan Junior Science Olympiad Fill in the application form and click confirm Download the admit card attested by one of the following Principal/ Deputy Principal of the College/School, Justice of Peace, Incumbent of a temple (church or Mosque), and any government officer bears an official rubber stamp Benefits, Awards and Scholarship: The best students are awarded medals and certificates. The top students are invited to the International Junior Science Olympiad under the guidance and support of the Institute of Physics. Countries: Sri Lanka SLJSO Sample Papers: Syllabus for level 1 is also mentioned for these exams. Which of the following instruments is used to detect electrical charge and its nature on a body? Which one of the following statements is correct regarding the living plant shown in the diagram? A The shoot system absorbs water and valuable minerals. B The flower and fruit are sexual organs of a plant. C The plant uses its roots to make food and store the food in leaves and fruit. D A plant uses its leaves to make food and store the food in the fruit. Name the following piece of equipment, which is commonly used in a life science laboratory. Green plants make their own food by; A using water from the soil, carbon dioxide from the air, and energy from sunlight B using water from the soil, oxygen from the air, and energy from sunlight C releasing carbon dioxide and water vapour into the air D using roots to store water and nutrients. The diagram below represents the process of photosynthesis. Which one of the following is NOT one of the seven life processes of plants? The diagram below indicates a very important process in the life cycle of plants. Name this process. The Green pigment in the leaves of plants usually lives? A plant makes its own food in the form of? Which of the following have the same animal structure? Which of the following have the same animal structure? Which of the following can in trees. B ...kill its prey. C ...regulate its body temperature. D ...swim. Which of the following can coexist in the same habitat? What is the largest member of the cat family? A Snakes and snails are vertebrates. B Fish and frogs are invertebrates. B Fish and frogs are invertebrates an objective, in-depth practice platform to the students preparing for various Olympiad examinations. Currently, the biggest challenge for the students appearing in Olympiad Exams is that; these exams are conducted in the mid-session. So the student does not get adequate time for the preparation as soon as they complete their first chapter. To provide our learners; more realistic feel while taking a practice test, we offer an option to select Exam pattern. After each test, the student will get a detailed strength and weakness report that contains students performance break-up at the chapter level. This way you can make out which one is your weak section. And you will get to know in which area you need to work more. At the end of each mock test, Kid is presented with the percentile score. This feature helps the Kid s to evaluate their preparation. The descriptive or detailed answer will be provided to each difficult question then you are always welcomed. You can send us feedback or your doubts, and you will be receiving a reply within 48 hours by the individual subject teacher. As our services are completely online, it enables us to be connected. Our tool allows Kid s to send feedback on the questions asked in our explanation on any question asked in our test papers. Students also have option to ask questions related to their course.
