Parkour Spiral! Parkour Spiral is a HUGE parkour map, with lots of different parkour themes throughout the map! The parkour itself is unique and challenging. Whether you are good or bad at parkour, this map will certainly keep you entertained! There are also lots of checkpoint in the map, that way you don't rage quit after a death (atleast I hope you won't :)) This map also works with multiple players. So go ahead and play, alone or with friends! Have fun! -Hielke Trailer Click HERE for the Parkour Spiral trailer! Before You Play Make sure you are playing on Minecraft version 1.12 If playing on a server, enable command blocks! For the term "Parkour Spiral". Meet the largest Minecraft PE parkour map, which could entertain you for hours. Parkour Spiral is something special and the secret is extraordinary architecture. Creator: HielkeMost of fans of parkour in Minecraft PE got used to the similarity of the mini-games, where you have two points of your way and huge amount of obstacles between them. While in Parkour Spiral, you need to get higher and reach the top.We must warn all the parkour newbies about the difficultness of this map, so you should try something easier before. Others will estimate the variety of obstacles, because there are some levels, where you just need to jump, while the others may force you to take the lava shower in several seconds after reaching the checkpoint. Oh, you do not need to worry, because you can find a lot of places to save the progress.
