The Bible is reported to be the biggest bestseller of all time and the greatest work of literature in human history. This Bible timeline offers a fascinating study of the long history of God's Word from the beginning of creation to present-day translations. Spanning thousands of years, it includes historical events, prophecies, and teachings that have profoundly influenced countless cultures and societies. The Bible is a collection of 66 books and letters written by more than 40 authors over a period of about 1,500 years. The central message of the entire Bible is God's Spirit breathed on the authors of the Bible, they recorded the messages with whatever resources were available at the time. The Bible itself illustrates some of the materials used: engravings in clay, inscriptions on tablets of stone, ink and papyrus, vellum, parchment, leather, and metals. The original languages of the Bible include Hebrew, koine or common Greek, and Aramaic. The Bible timeline traces the unparalleled history of the Bible down through the ages.
