Profile Visitors for facebook APK Version History Profile Visitors for facebook 13 for Android 4.1 or higher APK Download Version : 13 for Android 4.1 or higher Update on : 2018-06-09 Download APK (4.53 MB) Profile Visitors for facebook 9.0 for Android 4.1 or higher APK Download Version : 9.0 for Android 4.1 or higher Update on : 2017-01-31 Download APK (3.37 MB) People these days are very conscious about their Facebook profiles, and that's why we often see questions like "how to find who viewed my Facebook profile?" "Can someone view private Facebook profile?" But the core problem is, does Facebook really let you see who checked your profile? Well, the official answer is a big No, Facebook has no such way to reveal who visited your Facebook profile, and there is a solid reason behind it. Facebook has to handle a large amount of data. If you consider the number of users, then Facebook is undoubtedly one of the largest social media platforms these days. So, it is believed by Facebook that this is confidential information and they cannot reveal this information to the public. If you think this is over, then you are wrong. In order to help you see who viewed your profile, there are some 3rd party Facebook visitor tracker apps available on the market. And in this article, we are going to help you learn about these apps and recommend the best profile tracker for Facebook. So keep reading till the end. Part 1: Top 7 Facebook Profile Tracker Apps to See the Visitors There are some third party Facebook profile tracker apps which are capable of showing who viewed the Facebook profile of a particular user. We are going to introduce the best 6 for you. But If you want to view someone else's Facebook profile and all the messages, then you can jump to the Part 2. 1. Profile Tracker This is one of the excellent Facebook profile visitor's tracker apps that you can easily find on the Play Store as well as from the Apple store. With this tool, you'll be able to keep track of people who follow your profile on Facebook. This app provides a list of your followers and you will always know who is following you on Facebook. This app is worth using as a good Facebook profile tracker. It gives specialized help through email. Effective enough to tracks practically every one of the information. It requires some investment. It makes the target device lag a little bit. 2. Follow Analyzer Insight It is the most used application to check who viewed your profile picture. It is also capable of protecting the mobile device from theft. It also helps the user to track the various activities of their Facebook account. It will quickly become one of your most favorite tools for checking who viewed your Facebook profile. There is also way to send your feedback to the owners after using this app. It is very easy to understand Facebook movement tracker application. You can work it from everywhere throughout the world with no issue. Absence of cutting edge observing highlights. If there should be an occurrence of the iPhone, you need to escape in the event that you need to utilize this application. 3. The Profiler The app will show you a list of people who follow you on Instagram or Facebook. Tapping on each entry inside the list will give you the opportunity to see more details. There is an option to view the follower profile inside your browser. You will also be able to see more details of the follower from the list provided by this app. It's a simple and useful analyzing tool for anyone. It allows you know who follows you. You can see the list of people who follow your profile. This application works very slowly. 4. Social Detective It's a great tool to view a list of the people who follows you on Facebook and Instagram. You just need to log into your account and view the list with your followers. It's a totally free app and it also allows users to view the profile of their follower by tapping on the "Show Profile" button inside this app. Pursues a procedure, which is verified, quick just as simple. This application is free. Not equipped for obstructing any web addresses just as any telephone numbers. 5. Profile Reporter This application is used to find the people who regularly visit your profile. It will provide you proper social insights of your followers and give you a list of people who regularly follow you on Facebook and Instagram. It provides result with fast speed and it can track more than 1 account at a time. Get social insight to your followers. See the list of people who follow you on Facebook. Not effective enough in meaning different dialects. 6. Social Tracker With this Social Tracker, you'll know which friends liked your posts the most, which of the friends you are following but they are not following you and track all your detailed interaction with your friends on various social media including Facebook. It provides automatic updates every day and it has powerful widget based interface. It updates all the user's insights and analytic every hour so it's a very useful app. You can easily get the visitor details. Nobody can identify it. It is difficult to operate. It asks payment from users to run the app smoothly. 7. Who View My Profile Who Viewed My Profile is a tool that allows you to see who has viewed your Facebook profile. The software categorizes visitors to your profile into three groups: friends, acquaintances, and strangers. It also enables you to see who has seen your WhatsApp and Instagram profiles. It's easy to use. It provides Pro version too. It asks sign into Facebook again even user has signed in. It has lots of advertisements that might let users feel annoying. Alt:who view my profile app Part 2: The Best App to Track and Spy Facebook The above Facebook profile tracker apps have received a mixed review, some think it is useful while others regard it is totally like a scam. But all depends on your choice. When it comes to monitor or track other people's Facebook, then this part will help you. We will show you an app that will help you to spy someone's Facebook text messages, app notifications, images, and more of a Facebook profile easily. The best Facebook tracker app today is KidsGuard Pro for Android. It's a powerful cell phone monitoring tool and equipped with advanced Facebook tracking feature. Try It Now View Demo Part 3: FAQ about Viewing Facebook Profile How to See What My Facebook Profile Looks Like to the Public By heading to your Activity Log, you can see which profiles you've seen. You can then restrict the choices to only reveal search results once you've arrived there. If you don't want others to see these results, they can be removed. Can I See What Profiles I Have Viewed on Facebook? Well, for this question, you can go to your Facebook profile page and click the settings symbol in the upper right corner. To view as a guest, select "View As..." from the drop-down menu that appears. Is It Legal to View Someones Facebook Profile Yes, of course. To be honest, the main function and purpose of social media is: social. Viewing someone's social media profile is not harassment Conclusion Facebook doesn't give any privilege to account holders to check who visit their profiles but that doesn't mean it's not possible to know who viewed your Facebook profile. After reading this article, you know how easily you can use Facebook profile view trackers and know the details of your followers. Also, if you want to spy on someone's Facebook profile, then KidsGuard Pro should top the list. This amazing app can help you to monitor your target's Facebook activities and access a lot of information without any problem. Here is a simple tutorial by which you can know who viewed and visited your facebook profile page. Find who is checking at your images Do you think someone is stalking you on Facebook? Do you want to know who viewed or visited your profile? If Yes then Whoop! We are back here with another trick to teach you about a couple of simple tricks by which you can find out the visitors who are constantly visiting your profile. As you know FB is huge with lots of great features but it lacks one of the simple but effective features of profile viewers which would be liked by masses. There are many 3rd party software tools which claim to do the work for you but I doubt their authenticity. In this tutorial, I am going to tell you about a couple of simple tricks which will let you know who viewed your profile the most number of times.Track Who Visited your FB ProfileUsing Page SourceStep 1. Go to your Facebook Timeline page.Step 2. Right, Click on any blank space on the page.Step 3. Now click on 'View Page Source'.Step 4. Now you will be redirected to a page with lots of Program Codes.Step 5. Press CTRL+F on your keyboard, a text box appears, in that box, type- InitialChatFriendsList.Step 6. Now you'll see a list of numbers, these are the profile ID of people who visit your timeline.Step 7. Copy the ID number and paste it next to [www.facebook.com\(ID Number\)](http://www.facebook.com(ID Number)).Step 8. The top ID numbers are the one who visited you the most and the bottom ones are least visitors.This trick works only when using facebook on chrome browser.Step 1. Download the Chrome extension Flatbook. (link removed from Chrome Store)Step 2. Open Facebook and enable the extension (FB user interface will change).Step 3. Click on the orange icon on the left and you will see the people most viewed your profile.This is also one the best chrome extension but for the extension to work the Facebook user must also have the extension installed on this chrome browser.Step 1. Download Profile visitors for facebook.Step 2. Log in to your Facebook account and you will notice an extra 'visitors' tab.Step 3. Click on Tab, a popup will show you the recent visitors to your Facebook profile.Method IV: Using Android AppStep 1. Download Who Viewed My Facebook Profile App from Playstore.Step 2. Open the app and login with your account credentials and you will see the list of profile stalkers. Note: There are many forums and discussion which are claiming that it is impossible to know who views your facebook profile. The post above is for informational purpose only and we do not endorse it but you surely give the tricks a try.Do comment below with your valuable suggestions and constructive criticism.If you've any thoughts on How to See Who Viewed your Facebook Profile?, then feel free to drop in below comment box.
