"Very lucky to have Gary from Spafix come and open my hot tub after it was in hibernation due to my working away. Gary is always polite, friendly, gets on with the job and leaves my hot tub sparkling and garden tidy. Spafix have been suburb in their sales, customer service and servicing ever since I became a customer." Get crystal-clear water with our distinctive MicroClean® Filtration system, which combines pleated and spun fibres to deliver impressive filtration. We have 3 MicroClean® Filtration systems depending on the spa model. The 980 series and the 880 series has the MicroClean® Ultra Filtration which delivers an impressive 130 square feet of filtration. The 780 series MicroClean® Filtration supplies 120 square feet of filtration and the 680 series MicroClean® Mini Filtration offers 75 square feet of filtration. The 880™ Series hot tubs define the luxury spa category by virtue of their style and advanced performance. Luxury spas should fulfil your vision of a dream backyard, and then some – and these do. Beautiful, built with smart technology, and feature-rich, each 880 Series luxury spa makes it possible for you to experience the best in home hydrotherapy. Finding your nearest Sundance Spas dealer is easy! Simply add your postcode, add the distance that you want to search and click on 'Find Dealers'.
