be at least 1 mm deep. The types should not have interruptions or cuts of 25 mm or 10% of the width of the pneumatic ones. 80% or pneumatic ones. The next reinforcement and must transport red light between sunset and sunrise, and a 300 mm2 red flag during the day. No parking: where the outer edge of the wheel on the nearby side is more than 450 mm from the road, except where a road sign allows it. Road or within 1 m of the edge of a road on a non-urban spot, in an urban world. In an urban area on a two-lane road that has less than 5.5 m wide. Within 9 m of a pedestrian crossing. It does not stop: in or more than 6 m to a toll, bridge, meter or narrow point in the road.Closer from 9m to a crosswalk, except to let a pedestrian is transferred. People and vehicles at 150 m ahead are visible, and it is not a road or highway highway. Special vehicles of 230 kg or less, adapted for disabled people, are not allowed on highways. Living together with goods and passengers: they should not exceed half of the height of the height of the vehicle height if transported on the ceiling (except bicycles). Includes the vehicle should not exceed 4.3 m high. The vehicle that includes should not have more than 2.5 m wide. They are not projected more than 300 mm in front of the vehicles. Do not project more than 1.8 m on the back of the vehicle. Security marks: loads that project more than 150 mm to the IDE, or more than 300 mm in the rear should be marked with a red flag of 300 mm2 in each corner during the day. If the load is less than 600 mm wide, a red flag during the day or a red reflector at night is enough. Passengers can take to the back of an open truck or truck if they are sitting and the sides are 350 mm on the seat surface, or standing if the sides are 900 mm high.2 The children Until the 6 years of age are counted as 1 adult, and 3 children between 6 and 13 years are counted as 2 adults. Each adult requires 380 mm in seat length. Speed smoothness: vehicles below 9000 kg: Urban 60 km/h. If you have no experience, you must enable the way of study for all questions and start the test when you are ready. Tips: Do not hurry, have your time and make sure to understand each question before Passing your official test will allow you to drive a vehicle where the weight, the gross or the rate do not exceed exceed Pass your K53 test will allow you to travel by motorcycle on the public roads. Take us these figures and number can be found in the books of students in Sudaver, but in no place in the books are compiled together in one place. Alchas de Algaje 100 km/h. Scope: The two vehicles should not be more than 3.5 m away. If the distance between two vehicles is 1.8 m or more, the towing rope must be clearly visible with a tied red flag. Max speed: 30 km/h unless used a sir bar or the towed vehicle is a semi-trailer: A tractor that tow a semi-trailer with passengers can exceed 30 km/h. Motorcycles: passengers: No more than 2 people can travel on a motorcycle on the motorcycle on the at the same time. Packages: Nothing can be projected more than 600 mm more all of the front axle, 900 mm details of the rear axle, 450 mm on each side of the wheels or 300 mm more than the wheel of a wheel of a wheel Motorcycle Sidecar.\*Keep in mind that we do not have the intention of using this reference to deceive your student's test. For light motor vehicles, the Code 8 will answer questions 69 to 84. The holder of a class 3 permission of K53 can only operate a vehicle if it is under the direct supervision of a driver with a license with the same license with the same class. To obtain the maximum benefit, we encourage you to register in your whole account. The minimal age requirement for the learning license of Código 8 / Class 2 is 17. For the motorcycle test, in addition to question 1 to 52, you will also answer questions 53 to question 68. Test of motorcycle students / motor cycles, code 1. You are only allowed to drive a vehicle if you are under the direct supervisory of a license driver for the same class or greater. The difference This simulated test and the official proof is: we have changed the sequence of the questions. Once you have performed the test and confer your progress, start again from the beginning but establish a timeline of 50 minutes. A % l You can also print if students prefer to study physical material. The trick sheet covers the rules of the student's test road section: there are about 30 questions about the road rules in the Sudaver student license test, and students need 77 % (23 /30) or higher to pass. If you are using other materials to study for students, ensure that they are K53. . The children of up to 14 years should sit on the part of Tr. You must maintain a space of 2 seconds of the vehicle in front of you, more if the road is wet. Rural 100 km/h. It is granted 60 minutes to complete the test vehicle test for testing 8, also specified as class student license 2. The restriction falls if it has more than 18 years and acquires Your student permit. The trick sheet is included below, but it can also be downloaded by our Facebook group and going to the "Philos" section. You need to know for your student license. Questions and answers about rules and observations. A student pilot cannot transport passengers (Piggy support). Each category contains all the questions that will find in question of document A, B and C collectively for a particular class and a series of computerized test questions. For example, for light motor vehicles we have taken all light questions of motorized vehicles of exam A, B and C and join them to a questionnaire. The cost of each application begins from +/- r68.00, but province varies in the province, finds Trvelic departments in its area to ask. Do you want to appear here? Heavy vehicles, trucks and buses, classified as class 3 that covers the 10 -year -old code, the downtime 11 and the code 14. To prove its competition, enable the test mode to verify if you selected the correct answer, Verify my answer answer You can check my answer, the system records your selection for the final account. What you need to know: to start the test, select the appropriate vehicle class below if you want to study the questions and answers, you can enable the mode of study, this will reveal all the answers. Student's permission is vian for 24 months from the date on which the official test approves. Questions and answers about road signs. Start or read about the different classes of students' management: on the official K53 test: the written student test K53 consists of 100 questions of mismal tripple options divided into three sections: the vehicle controls of the road of the road of driving road and observation, regardless of the vehicle class that is writing so that each student must complete questions 1 to 52, these are general questions related to the rules of the road. The minimum age requirement for the license of the students of Código 3 is 18. Do not reveal the correct answer until you have tried to answer it on your own. Best, apply here and spend the first time. Rural 80 km/h. The last step is where you will find all your incorrect answers, in this way you can review and perfect your score. You must start with the questions and answers related to the class of your vehicles, from then on, proceed to the road seas, the rules and observations and finally the results and the review. We want to show the talent of SA. Read the comments of the students who have already passed using this material, will find the comments below each vehicle class.
