Look at the video here. This week we are giving away Michael Buble 'It's a Wonderful Day' score completely free. After completing the order, you will receive an email confirming the order where a download link will be presented to get the notes. To transpose click on the "note" icon at the bottom of the viewer. If the transposition is available, various semitone transposition options will be displayed. Otherwise, the note icon will remain grey. Most of our scores are traponsoasable, but not all of them, so we highly recommend you check this before making your purchase online. You can do it by controlling theof the viewer where a "note" icon is presented. If it is completely white simply click on it and the following options will appear: Original, 1 Semition, 2 Semitnoes, 3 Semitones, -1 Semitone, -2 Semitones, -3 Semitones. This means that if THE DOORS Words and Music composers started the song in the original key to the song is C, 1 Semitone means transposition into C#. If you have selected -1 Semitone for the score originally in C, the transposition in B would be made. If the desired notes are transposable, you will be able to transpose after purchase. Be careful to transpose before then print (or save as PDF). When this song was released on 01/16/2020 it was originally published in the Emi key. * Not all our scores are transposable. To check if 'Riders On The Storm' can be transposed to various keys, check the "note" icon at the bottom of the viewer as below screenshot shown. Just click on the icon and if you view additional key options, then you will learn that this sheet music is transposable. Moreover, unfortunately not all musical notes are playable. If the "play" button icon is gray, unfortunately this score does not contain playback features. That's an idea. The single print order can print or save as PDF. # Selected by our editor.
