We have here the complete collection of Sims 4 skill cheat you can use to improve your in-game experience and skip the tiring waiting time it takes for your character to evolve. Applying Cheat codes to the game will not make it significantly easier to play if you don't like it already. Using Sims 4 Skill Cheat in order to use these cheats, you will need to use the in-game console. You can access the console by CTRL+SHIFT+C keys on the keyboard simultaneously. This will open the console window inside Sims 4 for different commands including the cheats option. Before going any further first you'll need to input the command "testingcheats true". This will enable the in-game cheat codes and you can then use the following commands for any effect you desire. Moreover, all of these cheat commands will give you a maximum value in that skill. In case you don't want the skill to be maximum you can replace 10 with any number from 0-9. Max Skill Cheat for Sims: These are generalized cheat codes that apply various fields in the game and increase them. they apply to adult characters in the sims game and include professional skills like acting and baking as well as other social skills. Just copy the desired keyword in your console and you will get the corresponding results. They also include Sims 4 fitness cheat to make your character look good. Let's be honest we all want our Sims to look their best.
