Dr. Ali Rafatnia, MD, is a compassionate physician who serves in Telehealth. He provides comprehensive services, including general visits, specialized consultations for COVID-19 and chronic conditions like diabetes, and video consultations for hair loss, UTIs, prescription refills, skin concerns, and sexual health issues. Dr. Ryan Allen is another skilled doctor at our clinic. A proud Las Vegas native, he completed his training at the University of Nevada, Reno. He specializes in primary care and Sports Medicine, with a focus on caring for patients of all ages. Schedule an appointment today to experience Forte Family Practice's compassionate healthcare services! Dr. Allen, a skilled medical professional, specializes in treating athletes, as well as individuals dealing with concussions, musculoskeletal injuries, and more. In his free time, he enjoys staying active through various sports and fitness activities. Meanwhile, Shauna Lee Aranton, MSN, APRN, FNP-C is a dedicated Family Nurse Practitioner who focuses on providing comprehensive care to patients across the lifespan. Her clinical interests include hyper-oxygenation in post-cardiac patients, obesity and hypo-testicular function in middle-aged populations, and asthma exacerbation in pediatric patients. First Person Care Clinic, under the leadership of CEO Diego Martinez, offers a wide range of medical services to cater to individual needs. Their team specializes in primary care, optometry, dental services, mental health support, infectious disease management, and chronic care to ensure the well-being of each patient. With multiple locations throughout Las Vegas, Henderson, Tempe, and Reno, First Person Care Clinic aims to provide quality care through various services, including family medicine, pediatrics, women's health, behavioral health, dental services, optometry, chronic disease management, immunizations, and preventive health education. Our medical practice strives for excellence, ensuring you feel comfortable and valued. We cater to all ages, from newborns to seniors, with a focus on comprehensive family care. Explore our website to learn more about our services and commitment to your health. Our staff is here to answer any questions you may have, and we look forward to supporting your healthcare needs. At Forte Family Practice, we're committed to providing exceptional care. Dr. Ali Rafatnia, a compassionate physician, has dedicated his career to serving underserved communities. His passion for healthcare began with mission work in Iran and Peru. He earned his medical degree from the University of Antigua and completed clinical training at Florida International University School of Medicine. Dr. Rafatnia's research focuses on women's health, urological cancer, and pulmonary medicine. During residency in Arkansas, he gained valuable experience in full-spectrum family medicine and critical care. Dr. Rafatnia offers Telehealth services, including general visits for new and existing patients, as well as specialized consultations for COVID-19, mental health, wound care, chronic conditions, and more. He also addresses sexual health issues, hair loss, urinary tract infections, prescription refills, skin concerns, and language barriers to provide personalized care. Dr. Ryan Allen, a native Las Vegas resident, completed his undergraduate and medical school training at the University of Nevada, Reno. He developed a passion for primary care and caring for patients of all ages, leading him to complete Family Medicine Residency in St Louis. Dr. Allen specializes in Sports Medicine, providing care to recreational and professional athletes. Shauna Lee Aranton, MSN, APRN, FNP-C, is a dedicated Family Nurse Practitioner who earned her degrees from the University of Nevada, Las Vegas (UNLV). Shauna's medical journey started in the pediatric intensive care unit, where she still practices emergency and trauma medicine. She finished her Family Nurse Practitioner training with a focus on giving complete, inclusive care to LGBTQ+ and HIV-positive patients. Her clinical interests cover all ages, shown in her varied research work, including hyper-oxygenation in older adults after heart issues, obesity and low testicular function in middle-aged and LGBTQ+ groups, and asthma problems and continuous care in children. Shauna is dedicated to patient-centered, evidence-based, and holistic care, and values strong relationships with her patients. Apart from her clinical work, she contributes to healthcare advancement as a nursing educator and PhD student involved in research and academic pursuits. She is part of several health networks, including Cigna, Healthsmart, and Medicaid of Nevada. Patients can book an appointment to experience the quality care provided by her team at 1535 W Warm Springs Rd, Henderson, Nevada. The practice also offers a mobile app for managing prescriptions and medical information on-the-go.
