N academy blvd

Starting January 20, Colorado Springs Utilities will be adjusting lanes on North Academy Boulevard due to the N. Academy Blvd Water Vault Replacement Project. The affected area will have one southbound lane and two northbound lanes until July. This project aims to improve water service reliability in the area and help identify leaks. Lane closures will occur between Flintridge Dr. and Meadowland Blvd., with traffic shifting to the northbound side. The property boasts Twin T Concrete joists, offering ample parking, mature landscaping, and proximity to a major City bike trail and waterway. Conveniently located near Academy Blvd. and Constitution Avenue.
