

I'm not robot!

Apps that work with carista obd2. How do you get carista for free.

Carista OBD2 Pro APK is a mobile app which empowers you to seamlessly diagnose, customize, and service your car. Just plug in your OBD2 adapter, launch the app and save time and money on dealers and mechanics. DIAGNOSTICS Dealer-level electronic diagnostics (fault code checking and resetting) of all modules in the vehicle, incl. "check engine", ABS, airbag, and other manufacturer-specific systems. Requires in-app subscription. Supports some vehicles only CUSTOMIZATIONS / CODING Personalization of comfort & convenience features of the car. Customize your car to your liking and get rid of all those annoyances you have to deal with every time you get into your car. You can even enable hidden features that you didn't even know your car had! Requires in-app subscription. Supports some vehicles only SERVICE For all supported vehicles: • Carista shows you if your car is ready for Emission tests — that way you can avoid the trip to the testing station before the vehicle's systems have gathered enough driving data to be ready for testing. For some Volkswagen, Audi, SEAT, Cupra, Skoda models: • Electronic parking brake (EPB) retraction tool, Service reset, Launch control counter, Detailed ECU information • Diesel Particulate Filter (DPF) regeneration • Battery registration For some Toyota, Lexus, Scion models: • Tire pressure sensors (TPMS), ABS/VSC/TRAC inspection, Detailed ECU information Requires in-app subscription. Supports some vehicles only IMPORTANT 1. Supported vehicles: SOME models by Volkswagen, Audi, SEAT, Cupra, Skoda (VAG), BMW, Mini, Toyota, Lexus, Scion, Nissan and Infiniti. To check a specific model and year, 2. Pricing All paid features are available with an in-app purchase of our Pro functionality: a subscription at \$49.99 USD/year or \$19.99 USD/3 months or \$9.99 USD/month. If you use the official Carista OBD2 adapter, you will receive a free one-month trial of all paid features. 3. Hardware Requirement To use Carista, you need an OBD2 adapter. You can use the Carista OBD2 Pro APK adapter or a generic ELM327 v1.4 Bluetooth or WiFi adapter (just make sure it's not fake/defective). New in Beta: Electronic Parking Brake Service for BMW E, F, and G Chassis. Live Data reading improvements. Performance and stability improvements. Unlocked Pro functionality Blocked collection of analytics, statistics Decoupled from Google/Huawei services Disabled sending data to developers Disabled check for updates Carista OBD2 Mod Carista OBD2 MOD APK 6.6 beta-6 (Unlocked Pro) Characteristics: Unlocked Pro Carista is a mobile application with which you can configure the way your car behaves, check its technical condition, and even service it yourself. Whether you want to unlock only the driver's door at the first click of the remote, or want all doors unlocked simultaneously, Carista can do that! Checking your vehicle's health is a click away in a user-friendly manner, avoiding a trip to the service shop or at least being better informed when you go there. You can also service your car by yourself by resetting your oil service indicator or servicing your electronic parking brake. Just plug in your OBD2 adapter and launch the app. Customizations, detailed diagnostics, and service tools are just a few clicks away (see below).Is my car supported?See: it free?Most of the cool stuff is paid (through an in-app purchase), but we do offer free standard OBD2 diagnostics. See below for pricing.Hardware Requirement.In order to use Carista, you need a Bluetooth OBD2 adapter - a separate piece of hardware that you plug into the vehicle's diagnostic port. You can use our official Carista OBD2 adapter or a generic ELM327 v1.4 Bluetooth adapter (just make sure it's not fake/defective). See: (OBD2):Carista can check your vehicle's health and report any faults stored in its computers. You can also clear any fault codes and reset your "check engine" light, as well as check if you're ready for emissions testing. This is a FREE feature.Diagnose (Manufacturer-Specific):Unlike regular OBD2 apps, Carista also gives you access to advanced manufacturer-specific diagnostics, including computers like ABS, airbag, navigation, etc., and gives you the ability to reset your airbag light, ABS light, etc. This is a PAID feature; supported vehicles only.Customize:Carista lets you change the way your car behaves: say you want your headlights to come on automatically when you start the engine; or you want the doors to lock when you start moving; or you want to change the type of beep that the reverse parking sensors make. Yes, Carista can do that (if your vehicle supports it, of course). It's like the settings on your smartphone, but for your car. This is a PAID feature; supported vehicles only.Service:Carista gives you access to electronic service tools for your car. You can reset the "service due" indicators and service your electronic parking brake to replace your brake pads by yourself. This is a PAID feature; supported vehicles only.Pricing:An in-app purchase is required in order to use any of the paid features listed above. You have two options: a 1-week pass for \$9.99 or an annual subscription for \$39.99/year.More info & help: & manufacturer-specific diagnostics available for:BMW & Mini:Most E-chassis/R-chassis models since 03/2007, incl. Registering a batteryFor certain Toyota Lexus Scion modelsTire pressure sensors (TPMS)ABS/VSC/TRAC InspectionDetailed ECU InformationLive dataLive data monitoring allows you to monitor vehicle status and receive real-time information. You can save money and trouble by catching problems early. Carista Live Data is especially useful for buying secondhand cars. It provides detailed information on vehicle service and airbag status. Carista OBD2 Mod Carista OBD2 MOD APK 6.6 beta-6 (Shocking Pro) Characteristics: Shocking Pro Carista is an'applicazione mobile con cui è possibile configurare il modo in cui la tua auto si comporta, controllare le sue condizioni tecniche e persino servirla da solo. Sia che tu voglia sbloccare solo la porta del conducente al primo clic del telecomando o vuoi che tutte le porte sbloccate contemporaneamente, Carista può farlo! Controllare la salute del veicolo è un clic in modo user-friendly, evitando un viaggio al negozio di servizi o almeno meglio informato quando ci vai. Puoi anche servirla la tua auto da solo ripristinando l'indicatore di servizio olio o servendo il freno di stazionamento elettronico. Basta collegare l'adattatore OBD2 e avviare l'app. Le personalizzazioni, la diagnostica dettagliata e gli strumenti di servizio sono a pochi clic di distanza (vedi sotto). La mia auto è supportata? Vedi: Supported Vehicles È gratuito? La maggior parte delle cose interessanti sono pagate (attraverso un acquisto in-app), ma offriamo una diagnostica OBD2 standard gratuita. Vedi sotto per i prezzi. Requisito hardware: Per utilizzare Carista, è necessario un adattatore OBD2 Bluetooth - un pezzo di hardware separato che si collega alla porta diagnostica del veicolo. Puoi usare il nostro adattatore base Carista OBD2 o un adattatore Bluetooth ELM327 V1.4 generico (assicurati che non sia falso/difettoso). Vedi: (OBD2): Carista può controllare la salute del tuo veicolo e segnalare eventuali guasti memorizzati nei suoi computer. Puoi anche cancellare eventuali codici di errore e ripristinare la luce del "motore di controllo", nonché controllare se sei pronto per il test delle emissioni. Questa è una funzione gratuita . Diagnostica (specificità del produttore): A differenza delle normali app OBD2, Carista dà anche accesso a una diagnostica avanzata specifica del produttore, Compresi computer come ABS, airbag, navigazione, ecc. E ti dà la possibilità di ripristinare la luce dei airbag, la luce degli ABS, ecc. Questa è una funzione a pagamento ; Solo veicoli supportati. Personalizza: Carista ti consente di cambiare il modo in cui la tua auto si comporta: di che vuoi che i tuoi fari si accendano automaticamente quando si avvia il motore; Oppure vuoi che le porte si bloccino quando inizi a muoverti; Oppure vuoi cambiare il tipo di segnale acustico che i sensori di parcheggio inversa realizzano. Sì, Carista può farlo (se il tuo veicolo lo supporta, ovviamente). E come le impostazioni sul tuo smartphone, ma per la tua auto. Questa è una funzione pagata ; Solo veicoli supportati. Servizio: Carista ti dà accesso a strumenti di servizio elettronico per la tua auto. È possibile ripristinare gli indicatori "Servizio dovuto" e servirla il freno di stazionamento elettronico per sostituire le cuscinetti dei freni da solo. Questa è una funzione pagata . Solo veicoli supportati. Prezzi: è richiesto un acquisto in-app per utilizzare una qualsiasi delle funzionalità a pagamento sopra elencate. Hai due opzioni: un passaggio 1 settimana per \$ 9.99 o un abbonamento annuale per \$ 39.99/anno .
